## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 01/31/2008 has been entered.

### ***Claim Rejections - 35 USC § 101***

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

3. Claims 53-54 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Regarding claims 53-54, the claimed "computer-readable storage medium" is defined in the specification as "carrier wave (such as radio frequency, audio frequency or optical frequency carrier waves)". See the specification, page 9 line 29 to page 10 line 1. Medium such as carrier wave, however, is not tangible as required by 35 U.S.C. 101.

In order to overcome the rejection under 35 U.S.C. 101, it is suggested that the statement "or carrier wave (such as radio frequency, audio frequency or optical

Art Unit: 2618

frequency carrier waves)" on page 9 line 29 to page 10 line 1 of the present specification should be deleted.

***Allowable Subject Matter***

4. Claims 1-52 are allowed.

The prior art submitted by application on 01/31/2008 have been carefully considered and reviewed by the examiner. The newly-submitted prior art, however, fail to disclose or render obvious the claimed invention of claims 1-52 for the reasons as set forth in applicant's response filed 09/27/2007.
